17) Calculations have been made based on the prices of 1920. It does not appear to be possible to apply the draft to the Residency on the lines of letter of 2nd June 1888 addressed to the Residency for the following reasons:—

1. In the draft of 2nd June 1888, it will be seen that the rates were fixed based on figures for 15 years. In the present case, it is not known with what years prices rates, the rates of 1920 have to be compared

2. In the dft of 2nd June 1888, mention has been made re the Cost of "Building" the Statement now received from the I.G. does not include the item "Building. Dtd for reply R 7 4/5.

Cost less than that for an Indian prisoner, as the former is "not employed on out-door work and his clothing. Therefore lasts much longer".

(2) Under "Establishment" the same amount viz Rs 32-11-0 has been charged for both classes of prisoners. This Charge should be less in the case of European prisoners, if the reason stated on the previous occasion still holds good.

(3) The average net earnings of both classes of prisoners is reported to be the same. This may be verified once more, as the earnings of European prisoners may possibly be less than those of Indian prisoners—

General and Revenue Departments.

SIR.

In forwarding herewith a copy of letter No. 1293/F. 21 dated 4th September 1920, received from the Superintendent Bangalore Central Jail, in connection with the cost of upkeep of prisoners of the Civil and Military Station Bangalore, I have the honor to report that the rate of Rs. 84/- and Rs. 120/- per head per annum for an Indian and European prisoner respectively, fixed years before, when the prices of food grains etc., were very low, requires modification in consideration of high prices ruling at present.

2. In this connection I have to state that the average cost of feeding of prisoners during the years 1918- and 1919 has risen to Rs. 95-13-8 and Rs. 117-6-11 respectively and likely to increase in future. I therefore request that you will be so good as to address the Honourable the British Resident in Mysore in the matter and obtain early orders for fixing suitable rates calculated in accordance with the present rate of articles of food grains.

I have the honor to be,
Sir,
Your most obedient servant,

Inspector-General of Prisons.

Letter No. 1293/F. 21 dated 4th September 1920 from the Superintendent Bangalore Central Jail, to the Inspector-General of Prisons in Mysore, Bangalore.

- -@-@-@-@-@-@-@-@- -

I have the honor to state that, according to "Rules relating to prisoners received in the Central Jail, Bangalore, from the Courts of the Civil and Military Station, Bangalore, and of Justices of the Peace in the State" (Appendix II of the Mysore Jail Manual, Volume II,) the charges for the upkeep of prisoners from the Courts of Civil and Military Station are to be calculated at the Rate of Rs. 84/- per head per annum for Indians and Rs. 120/- per head per annum for Europeans and East Indians. But according to the last year's figures, the cost of upkeep of prisoners in this Jail has bee Rs. 90/4/9 per head per annum. I think that the above rates were fixed when the prices of food stuffs etc., were low and not ruling so high as they are now.

2. Under these circumstances, I venture to submit that, if approved the Government may be kindly moved to consider the matter and to fix the rates according to the prices of the food stuffs etc., now prevailing.

SIR,

With reference to your letter No.G.24096/Pris 20-20-10 dated 9th June 1921 requesting me to explain the differences in the revised scale of charges for the maintenance of Civil and Military Station Prisoners confined in the Bangalore Central Jail, I have the honor to state as follows :-

1) The cost of clothing issued to prisoners both European and Nativ is in accordance with scale prescribed in Chapters XXIII of the Mysore ail Manual which when calculated according to the contract rates of rticles of clothing for the year 1920, comes up to the amounts men-ioned in the list. The clothing is issued at fixed intervals to pri-oners without consideration of their employment. The cost will not herefore vary according to the nature of their employment, and like-ise the establishment charges will not also differ as both the Civil nd Military Station and Mysore prisoners are sent out to out-door ork and as no accounts are kept for European and Indian prisoners eparately.

2) The average cash earnings of all prisoners both European and ndian are taken into calculation as it is not possible to separate different classes of prisoners employed on the Jail Manufactures on one work.

3) I submit herewith a copy of letter No. 940/F.21 dated 25th June 1921 from the Superintendent Bangalore Central Jail in the matter for favour

Letter No.940/F. 21 dated 25th June 1921, from the Superintendent Central Jail, Bangalore, to the Inspector-General of Prisons in Mysore Bangalore.

With reference to your Memo No.796/14-20 dated the 15th instant forwarding copy of letter No.G. 24096/Pris,20-20-10 dated 9th June 21 from the Revenue Secretary to Government and requesting to explain certain differences observed by Government in the statement of the revised scales of charges for Civil and Military Station prisoners, I have the honor to state as follows :-

2. The statement referred to above has been prepared taking into consideration the daily average number of prisoners of the whole Jail for the year 1920. This method had to be adopted, as no separate accounts are maintained for the Civil and Military Station prisoners.

3. The cost of clothing both for a European prisoner and an Indian prisoner has been calculated according to the scales prescribed in Chapter XXIII of the Mysore Jail Manual, at the contract rates for the year 1920. It is immaterial whether a prisoner is employed on extra-mural work or not. The clothing issued to a prisoner should ordinarily last for 10 months, and no extra clothing is given to any prisoner, even though he is employed on extra-mural work. The variation in the cost is due to the kind of clothing given to a European prisoner which is not the same as that given to an Indian prisoner.

4. The amount of establishment charges shown in the statement Viz., Rs. 32/11/- is the average cost per head per year calculated on the actual expenditure incurred under the head "Establishment Charges" taking the daily average of prisoners of the whole Jail into consideration. Since no separate establishment is maintained on account of Civil and Military Station prisoners, and since the Indian prisoners of Civil and Military Station are also employed on extra-mural work, the charges on account of tempotary warders are also taken for calculation.

5. The earnings of European prisoners are not separately worked out as no separate accounts are maintained. The average earnings of both the classes of prisoners have been taken together for purposes of calculation.

Dated Bangalore. 28th July *192*1.

SIR,

With reference to your letter No. Pol.28, dated the 12th July 1921 recommending for sanction certain revised scales of charges for the maintenance of the Civil and - Military Station prisoners who are confined in the Central Jail at Bangalore, I am directed to observe that the average cost per head under expenditure for clothing and bedding for European and Eurasian prisoners has advanced from Rs.4/- per annum in 1888 to Rs.26-5-4 in the year 1920. The advance seems out of proportion to other increases and the rise in the cost of clothing, and I am to request that the Hon'ble the Resident may be favoured with an explanation of the necessity for this increase.

2. I am also to invite your attention to the cash earnings for the year 1920 which appear considerably small in comparison with the amounts for the years 1918 and 1919 as seen from the Administration Reports for those years, and to inquire

40

inquire why the decrease in the cash earnings of prisoners in the year 1920, has been so great.

Office of the Inspr.-Gen. of Prisons in Mysore.

Dated Bangalore, 24th September 1921.

FROM

Dr. H. B. Mylvaganam, (F.R.C.S.,) (Eng).,

Inspector-General of Prisons

in Mysore, Bangalore.

To

B. Ramaswamaiya Esqr., B.A., B.L.,

Secretary to the Government of H. H. the Maharaja

of Mysore, General Department, Bangalore.

SIR,

With reference to your letter No.J.1146/Pris 20-20-14 dated 27th August 1921, I have the honor to state that the decrease in the average cash earnings of prisoners in the year 1920 in comparison with the earnings of the two previous years viz., 1918 and 1919 is reported by the Superintendent to be chiefly due to (1) the less amount of cash receipts during the year 1920, owing to the manufactured articles not having found a ready sale, on account of higher rates in the Jails (2) to the larger number of daily average strength of prisoners in the year than in the two preceeding years and consequent distribution of less cash receipts over a large average number of prisoners.

The above two causes have therefore mainly contributed for the decrease in the average cash earnings of prisoners during the year 1920.

Dated 18th Oct 1921

With reference to the correspondence ending with your letter, No.6684/148-1902 dated 28th July 1921, requesting to be furnished with information regarding the ~~higher~~ enhanced scale of charges for the maintenance of the Civil and Military Station prisoners confined in the Bangalore Central Jail, I am directed to state that the Inspector General of Prisons reports that the cost of clothing issued to prisoners, both European and ~~Native~~ Indian, is in accordance with the scale prescribed in Chapter XXIII of the Mysore Jail Manual, which, when calculated according to the contract rates of articles of clothing for the year 1920, comes ~~up~~ to the amounts mentioned in this office letter No. 28/Pris. 20-20-12 dated 12th July 1921. The variation in the cost is stated to be due to the kind of clothing given to a European prisoner, which is not the same as that given to an Indian prisoner.

2. As regards the cash earnings for the year 1920, it is reported that the decrease is due to the reduction of sales effected in the manufacturing Department of the two Jails at Mysore and Bangalore, the decreased cash realisations in consequence of the
